Jobs Pipeline

The Jobs Pipeline provides a listing of approved office and industrial developments/subdivisions that have undeveloped lots of record or at least some degree of subdivision approval. This listing only includes developments under the County's jurisdiction and does not include any municipal projects.

For more information about individual projects please contact the Department of Planning & Development Review at 301-600-1138.

For additional information on available office and industrial buildings and other business opportunities please contact the Office of Economic Development at 301-600-1158.
